MEMORANDUM FOR: Chairman, Utilization Advisory Board

SUBJECT : Request for Special One Time Utilization  
of TALENT System Material

1. Pursuant to verbal authorization by the Chairman, Utilization Advisory Board to the Far East Division/DDP for the immediate operational use of certain sanitized TALENT System materials, the following is submitted for the record.

2. Permission is hereby requested to blend TALENT System material with existing sources and other information for immediate operational use. Some specific points taken from TALENT information do not in fact exist from other sources; however, it is reasonable and plausible that collateral sources could supply this information.

3. The materials provided by HTAUTOMAT for briefing purposes outside of the TALENT System were intended as graphic aids to the operational planning of [REDACTED] They consist of:

25X1X

a. 3 part mosaic and covering overlays  
(2 copies of each).

b. 2 copies composite mosaic.

The materials released are classified "Secret - NoFORN Continued Control" and will be returned to the files of the TCO/DDP after their one time use.

4. The character of the 70 mm contact scale tracker photography, upon which the sanitized materials are based, has been distorted by enlargement and reduction so as to preclude photo interpretation which might reveal actual scales, altitude, or other operational information that could be traced to the TALENT source.
